

**Rice County District Hospital Partners
with Wesley Medical Center
to Provide Telemedicine Stroke Services**

We now offer 24/7 access to WesleyCare Telemedicine Network stroke specialists for the diagnosis and treatment of stroke victims.

The telemedicine network offers immediate and effective high-speed stroke expertise to patients and to receive stroke care within the critical timeframe for advanced stroke intervention.

Rice County District Hospital is striving to bring YOU Number 1 care. These stroke services are in addition to our present Radiology services, Laboratory, Rehabilitation, Surgery, Labor & Delivery, Cardiac Rehabilitation, Respiratory, Emergency Services, Out Patient Clinic, Cardiology, Rheumatology, and Podiatry.
